LEMONS RALLY

#SAFETY FIRST

- **Read the whole Route Book right now—it's short!**
- Obey all laws and traffic directions.
- Don't speed--this isn't a race!
- Everyone on the Rally must sign the waiver.
- We're on our own here: Help each other out.
- Keep at least one gallon of water per person per day in your car.
- Keep blankets, weather gear, and at least 24 hours food per person per day in the car.
- Check the Lemons Rally Instagram feed often for updates and important info.
- Fuel up when you can--some stretches have bupkis for gas.
- **THERE'S NO SWEEP CAR OR SAGGIN' WAGON.**
- **ABSOLUTELY NO INTOXICANTS UNTIL PARKED FOR THE NIGHT.**

LONG ROUTES & CHANGEABLE WEATHER

- These are long daily routes; take shortcuts and sleep breaks as needed.
- If you don't feel comfortable or safe with the weather or road conditions, don't do it. There's no reward for overextending yourself or your car.
- Run with a group—you'll have more fun and are less likely to be eaten by bears.
- Told to jump in the snow, sleep in a desert, etc? Use smart judgment—*it ain't mandatory*.

CHECKPOINTS AND INFO VIA LEMONS RALLY INSTAGRAM

- Read the separate *Lemons Rally Instagram Guide* now: All scoring, plus important rally and safety updates, occurs via Instagram.
- For the rallymaster to score your checkpoint, use ***your team's hashtag, #LemonsRally, and the checkpoint's hashtag*** on each post. *Post pics of your car when you can;* ***you will score more points when you include your car in checkpoint photos.***
- You can't physically hit every checkpoint—it's your job to pick and choose wisely.

WHAT TO BRING

- A camera or phone that can post digital photos to prove that you've been to a checkpoint.
- Maps, Thomas Guides, GPS, and any other navigational aids you want.
- Repair tools, foul-weather gear, spare parts, and first-aid supplies.
- Plenty of water, food, and blankets.

STARTING & FINISHING EACH DAY

- Unless Lemons says otherwise, we won't hold any morning meetings.
- **Because of the long daily routes, no points are gained or lost for making it to the end of the day. Reach the nightly end point if you can; hole up anyplace else if you can't.**

Out-Of-The-Way, Ill-Advised, Checkpoint
Built in 1923, added to the National Register Historic Places in 1985, this jerk of a dam diverts 90% of the water of the Wind River from tribal lands to non-tribal lands. It is a great looking dam built for a dumb purpose. Behold! **100pts** #OfftheTrail

Lemons Rally Patented Feats of Stupidity™ (Patent Pending)
Between Pocatello and Ontario Oregon Trail travellers had to deal with brutal conditions. Water shortages caused problems for their exhausted livestock. At this point your Hooptie is most likely exhausted. It is low on fluids and other essential nutrients, it is looking death in the face. Do some routine maintenance to make sure your hooptie is in the best shape it can be. If you're in a rental, see if one of the True Hoopties™ needs a hand with anything. **50-100 pts** #LemonsFeats

Caboose Fan

Definitely Not Part of the Trail Checkpoint

"Rallymaster Jeff, none of these checkpoints seem too far out of the way," you say. You're right I am a benevolent rally master while you are on the trail. Now go to the largest horseshoe-shaped town for meaningless points and take a photo of the post office. New Plymouth ID **50pts** #OfftheTrail
